“My husband is Abu Abdillah, and what is Abu Abdillah(i.e. what should I say about him)? (Has) a determination unmatched by many of his contemporaries. An aspiring zaahid, barely appearing to be connected to the world, and with a large heart both physical and metaphorical. A man extremely quick to anger but is quickly soothed by the verses of the Quran and authentic narrations of the religion. His ambition is unmatched to many, and coupled with his Tawakkul(from what one can humanly observe), always seems to get whatever of the halal he sets his heart

upon, or better(directly from His Rabb/
Creator)”

Umm Maryam

[My wife is Umm Maryam, and what is
Umm Maryam(i.e. what should I say about
her)? Her worship of Allah(from what the
eye can see) comes close to no one I have
ever witnessed before(with my own eyes),
her supplications are always
answered(from what Allah has blessed me
with of little knowledge). Her worldly
beauty has a distant resemblance to that
of The Hur Al 'Ain of Jannah. On top of that,

Allah has fully concealed it to none other than her husband, through her niqaab. Her zuhd/ abstemiousness has a resemblance to the one whose name she bares, from the Quran and Sunnah; Maryam 'aleihaassalaam. Her detachment from the dunia is undescrivable, and just like Maryam 'aleihaassalaam, her provisions from her Creator never cease, whether her husband provides for her(from the little he has) or not.- Abu Abdillah]

BARAKAH

Barakah does not exist in anything except that it is increased beyond normal expectations.

If you are endowed with Barakah, you will accomplish a great deal in less time, achieve more with little/no resources, and endure laborious activities with minimal effort.

How does one attain Barakah?

Here is the fourth way to attain
Barakah:

Increase in Dhikr

Fatimah radhiyallahu 'anha, the
beloved daughter of the Prophet صلى
الله عليه وسلم, once came and
complained to her father about
excessive household work and
requested a slave (to assist with

household chores). Her hands were blistered from grinding the flour in the mill. Later that evening, the Prophet صلى الله عليه وسلم went to her house. 'Alii radhiyallahu 'anhu, Fatimah's husband was also at home. The Prophet صلى الله عليه وسلم layed down between them and asked them:

“Should I not direct you to something even better than a servant?”

“When you go to sleep say:

‘SubhanAllah’ 33 times,

‘Alhamdulillaah’ 33 times, and

‘Allaahu Akbar’ 34 times.

It will be better for you than a
slave.” [Bukhaari]

May Allah guide us all Ameen

All praises be to Allah and
salutations and peace be upon the
Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

Quick fix: short term solution

Take 5-HTP every now and again

Caution: Don't overdose and don't take too frequently to avoid adverse effects

Note: It is better for purity of body and mind to take the vegan alternative

Or if you are really a travelling health seeker or prolific health researching activist, get your hands on the actual fresh, organic *griffonia simplicifolia*; learn how to make effective/ safe use of it, before you proceed to far.

And even further to that, plant it yourself and grow it

Long term: Permanent solution

Sequence of Steps one can take:

1. Ask your Creator(Allah for guidance)

2. Learn about your Creator(Allah) from the authentic Islamic sources: i.e. The Quran, authentic narrations of the Prophet(Peace be upon him), according to the understanding of

the Companions(May Allah be pleased with them) of the Prophet(Peace be upon him)

3. Submit to your Creator Allah completely(as His completely submitting, thankful and worshipping slave);

a. In His Lordship

b. In Worship of Him alone(not associating any partners at all with him in any shape or form), in the manner that He legislated(in His speech- the Quran, and on the tongue of His Messenger- peace be upon Him- who only spoke by revelation)

c. In His Names and attributes

4. Take ablution(ritual cleansing wash performed before prayer)

5. Learn all the issues concerning the Salah(it's jurisprudence/ understanding)- i.e. it's conditions, prerequisites, it's inner dimensions, the meanings of all that is said in the salah etc etc

6. Be sincere and always ask Allah for sincerity

7. Pray a prayer, having no concern but Allah, and no concern for anything else nor what is outside the prayer. A prayer where you don't intend to come out of it until your Rabb is pleased with you and you meet him; with all humbleness and submissiveness

8. In that state, stay in the prayer for as long as you need to, imploring your Rabb for guidance, help, support and all goodness of this world and the hereafter, especially during prostration(sujood)- keeping to the guidance of the Prophet(Muhammad- Peace be upon him)

9. Don't leave the presence of your Rabb until you have attained the

khair(good) of what you were
seeking- by His permission

10. Wa allahu A'lam/ And Allah
knows best

May Allah guide us all Ameen

All praises be to Allah and
salutations and peace be upon the

Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

1. Parable of the Pixel

In general, people are like pixelated images; when you zoom out, their image appears complete. But when you zoom in close enough, you start to see pixelated bits/ dots of their character, and at times, even hidden messages that are not congruent with their zoomed out image

2. Parable of the nomad

There are places in this dunia, that are not suited for everyone to attend(to their illusionary pastures), except by those creation(of Allah), who He alone knows have the ability(by His permission), to operate their

3. Parable of the hypocrite

There exists people in this dunia
that; in order to build you, they seek
to first break you;

A concept not farfetched from
reality, as how else would they
release their
shayaatiin(companions), without an
opening(of misplaced trust)

4. Parable of the inverted signpost

In this day and age, if a person links you to insanity, what they are telling you is that they would not be able to benefit you(in that particular issue), *in ipso momento*¹.

To proceed

All Allah's actions originate with perfectness because they originate from His names and attributes, which are themselves perfect.

His actions are linked to His will and decree.

Allah was and always will have His names and attributes i.e. creating.

He speaks when He wills

He remains a Creator even when He does not create.

He is a provider even when He ceases to provide.

He possesses the attributes of His actions although He may choose not to act.

When He speaks or creates, it does not mean that the speech or creating attribute came into being when they were “inaccessible to Him”.

These are very important matters

11. The names comprise no evil

In a Hadeeth; du’a prophet made: all good is in your hand and the evil is

not imputable to you. I am by you
and to you, blessed are you the
exalted.(Muslim)

Sheikh Islaam Ibn Taymiyyah:

There is no name which Allah
has(beautiful names) which
comprises evil, it is however (evil) in
relation to the object

(Note:) Sheikhul Islaam: title- elder
of Islaam, honouring Islamic scholars
of high standing.

Brief Introduction

I was born in Uganda, in Kampala,
the capital city. My
Father(rahimahumullah·) died when
I was around 2 years old. I was
raised an orphan by my Mother's
family, who are majority Christian

The Religion Classification Conundrum

However much I try to explain to
individuals about my religious
background, the majority have still

not understood it: Let's just say, I am 4th generation of Muslims from my Genealogy, and I was raised in a Christian household...that is the best summary I can give.

Need for attention

Ever since I was a child, I've always either been the centre of attention, or Allah has still provided me with an individual or individuals to fulfil certain emotional, spiritual needs etc

The Emotional Deficit Conundrum

As I was approaching my current age, I came across certain individuals and groups that thought they would force an unfuelled/unenergised car to drive, moreover around the world and back(metaphorically speaking)...an impossible feat, to all those who have intellect

Even if we go with the argument about electrical cars etc, then each vehicle with it's fuel/ energy type or in whatever combination, requires it's specific amount of it, preferably at the optimum combination for that vehicle to even attempt to perform to at least a satisfactory standard; not even having gone into the other many variables within the full structure of the car...So, now we enter the world of Holistic living

Search for the truth

The beginning of holistic living,
search for the truth, re-encounter
with Islaam, Islamic Orthodoxy and
eventually Orthodox Islamic
Spirituality, Peace, Contentment and
Forever Thankful to My Creator, Allah
Subhana Wa ta 'aala.

Allah guided me to eventually make
Hijra to a land far from where I was

raised, as I went out in the search for independence, meaning, success and consequently, for the purpose of life.

Eventually, Allah allowed me to find my life purpose, of being solely and purely in the worship of my Creator, and hence I am here today, sharing my experiences and most importantly my gratitude to Allah for guiding me to Islam, Orthodoxy, the balanced religious path and beyond

Alhamdulillah

May Allah guide us all Ameen

Return to Africa

My return to Africa was one of intense emotional experiences, spiritual happenings and miraculous events

Salvation

Given the many Brits and Western-raised individuals that return to Africa, and never come back alive...my return back to Leicester from Africa, was not short of miraculous, for lack of a better term

Looking forward

Worshipping Allah till death should be our main goal, if not our only goal, as well as fulfilling all our obligations towards Allah, all our contracts and most importantly, our main/ only eternal contract of “Laa illaah illallah”/ There is no deity worthy of worship, in TRUTH, Except ALLAH

May Allah guide us all Ameen

Refer to my other books for further
life reflections etc

May Allah guide us all Ameen

Bonus Book 1: The Spiritual Restroom

Bismillahirrahmaanirraheem

In The Name of Allah, The Entirely
Merciful, The Especially Merciful

Alhamdulillah wassalaatu wassalam
'alaa Rasuulillah

All praises be to Allah and
salutations and peace be upon the

Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

To proceed

1. The Spiritual restroom

There is a place you must frequent
multiple times a day, but at least
once to keep spiritual fluidity; This
place is called the spiritual restroom.
Just like a physical restroom, you

must purify yourself regularly, of spiritual filth; anger, hatred, hasad/ jealousy, lack of forgiveness, laziness, indifference, lack of mercy etc. Just like physical restraint from the restroom leads to compromise of your well-being/ 'afiyah, in general, likewise, lack of regular spiritual cleansing causes multiple blockages in your spiritual channels, thus causing one to not be correctly connected to His Rabb/ Creator/

Allah Subhaana wa ta 'aala, and the Creation around Him. This causes incongruity in all of one's relationships(Divine or terrestrial), leading ultimately to permanent spiritual sickness, and ultimately; spiritual death.

May Allah guide us all Ameen

All praises be to Allah and salutations and peace be upon the Prophet Muhammad, His Family, His

Companions and all those that follow
him until the day of Judgement

Bonus Book 2: Infinite Tears of Salvation

Bismillahirrahmaanirraheem

In The Name of Allah, The Entirely
Merciful, The Especially Merciful

Alhamdulillah wassalaatu wassalam
'alaa Rasuulillah

All praises be to Allah and
salutations and peace be upon the

Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

To Proceed

1. Not everyone in this world is
happy. Press the reset button
continuously. Don't despair, don't
lower your self, don't argue, don't
fight without clear instruction from

your Rabb/ Lord/ Creator. Be good and stay firm upon the right path.

2. Levitate(spiritually over the negativity of others). Never enter the abyss of negativity, as the path back up is filled with Shayatin/ Devils from mankind and Jinn, that never tire nor wish good for you, and who have funding in time, finance, resources, to keep you permanently down and dejected, and to ultimately remain(in torment of you)

forever i.e. until you are all flung into the hell-fire jami'an/ altogether.

3. Invest all your time in seeking a path to your Rabb/ Creator/ Lord, knowing Him, getting close to Him, and always remaining in His remembrance and being unwaveringly watchful of Him/ Muraqqabah

May Allah guide us all Ameen

All praises be to Allah and
salutations and peace be upon the
Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

Bonus Book 3: Overcoming Negative Emotions

Bismillahirrahmaanirraheem

In The Name of Allah, The Entirely
Merciful, The Especially Merciful

Alhamdulillah wassalaatu wassalam
'alaa Rasuulillah

All praises be to Allah and
salutations and peace be upon the
Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

To proceed

1. The best way to fight anger and negative emotions/ feelings is to just let go of it

2. Without conflict, we wouldn't be able to separate the real sheep from the deceitful wolves

3. Patience is like a bitter herb, whereas above that is shukr which is

as sweet and as fulfilling as pure
unadulterated honey

4. The more you have to work for something, the sweeter the internal enjoyment is, at and beyond that things innate threshold of success(by the will, permission and command of Allah)

5. Just like business, you can not build a successful Emotionally Positive Enterprise in one day

6. To be a lover, you must love, otherwise, even the one full of hatred may at times positively emerge from their constantly negative bouts of emotion

7. Be like an infinitely(I.e. tending to) stretching rubber band; that way after negative ephemeral forces let

go of you, by way of whispering
coercions(and otherwise- as in the
case of human Shayaatin/ devils),
you always bounce back to your
positive centre. Most importantly,
always remain connected to your
core principles, values and beliefs

8. Silence in a state of anger, will
save you an eternity of regret

9. Be patient. Take life slowly and gradually as it capitalizes(by the will of Allah). No sane individual is known to eat a raw grain of rice directly from a cooking pot before the contents of the pot boil and soften; we are not chickens, so behave like a human and patiently wait for success at its due time

10. Life is a journey, but most importantly a process; Have your positively ephemeral and divine goals and just enjoy the speed

bumps on the way. Whatever you do,
DON'T RUSH/ DON'T BE HASTY

May Allah guide us all Ameen

All praises be to Allah and
salutations and peace be upon the
Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

Bonus Book 4: The Spiritual Sea Bed

Bismillahirrahmaanirraheem

In The Name of Allah, The Entirely
Merciful, The Especially Merciful

Alhamdulillah wassalaatu wassalam
'alaa Rasuulillah

All praises be to Allah and
salutations and peace be upon the

Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

To proceed

There is multiple spiritual platforms
within you that you can use(at any
time) to access everything you ever
wanted and dreamt of(ONLY by the,
will, permission and command of
Allah); the only way you can access

these multiple platforms of varying depths, some of which tend to infinite, is to completely, wholeheartedly and unwaveringly submit yourself(body, heart, soul, mind emotions) to Allah/ Your Creator 'Azza wa Jal(Who is an entirely separate Entity to any of His Creation, High Exalted is He above all that they associate with Him as Partners)

May Allah guide us all Ameen

All praises be to Allah and
salutations and peace be upon the
Prophet Muhammad, His Family, His
Companions and all those that follow

Alhamdulillah wassalaatu wassalam
'alaa Rasuulillah

All praises be to Allah and
salutations and peace be upon the
Prophet Muhammad, His Family, His

Companions and all those that follow
him until the day of Judgement

To Proceed

1. Never argue with anyone, never
judge anyone, never look
down on anyone. Pray for yourself,
and pray for everyone

2. Forgive yourself and forgive everyone for the sake of Allah. Have a clean slate. Only love what Allah loves, and only hate what Allah hates

3. Never use your desires in the affairs of religion

4. Everything in this world has a purpose. Learn to accept the reality of life, prey to your Rabb and use

your energy to better yourself and
pray for others

6. Be positive, be cheerful, always
smile, and
religion never judge(according to
your desires)

5. Take care of the relationship with
your Creator, and The Creator will
take care of the relationships with
the Creation(in whatever form)

6. Be positive, be cheerful, always smile, and never judge(according to your desires)

7. All that is in your life is good for you. Make good use of your blessings immediately, as you never know when your blessings will be taken away from you

8. Be positive, never hold grudges for the sake of yourself or creation.

Only connect yourself with Allah, and
NEVER to the creation

9. The Devil wants to trick you. Seek
refuge in Allah from the devil, seek a
way to your Rabb/ Lord/ Creator

10. Endure, be patient and keep on
praying

May Allah guide us all Ameen

All praises be to Allah and
salutations and peace be upon the

Statements for my Love**

Poem 1

If I had to trade the whole world and
it's shimmering, glimmering beauty
to enter paradise with you as my
wife, I would and I have,

I would walk to the moon and back
just for your companionship in
Jannah, and I have.

I would sacrifice my money for our
companionship, and I have,
with the little I can afford.

If I could be with you now to wipe
your tears and be a shoulder to cry
on and a pillow to lay on, I would,

and you know I would...I love you
and always will

Poem 2

If I ever knew

If I ever knew I had to climb one
giant mountain to earn your worldly
love, I would say make it two

If I ever knew there would be a day
without me speaking with you,
I would filter my speech and think
about what I said to you,
momentarily, through and through

If I ever knew I would cause a drop
to fall from your eyes, being a
reflection of the pain I would cause
you,

I would plea with my Rabb to
summon the sea to cool your
frustrations,

I would ask my Rabb to
hasten His mercy upon us, positively
regenerate my thoughtless remarks,
purify my heart and make my soul
renewed

And if I knew there was a day I might
lose you, I would trust in my Rabb,
and pray to him ardently to diverge
this calamity from the Qadar towards
the Qadar,
So I may forever be with you

Poem 3

The wind that blew

Oh what sorrow, when I lost you,

Amongst the souls lined up with

Prophet Adam,

Me and you intermingling spiritually

with one another,

Then it was just then, it was like the
wind blew

Separated on Earth through lineage,
searching through the worldly
rubble, looking
only for you

Until I found my soul mate once
again, rejoined, realigned, rekindled,
a friendship we remembered once
anew

And that's when it happened again,
suddenly it was like a wind just blew

Poem 4

How I long to hold you in my arms,
and tell you it will all be okay.

How I long to have you by my side,
fingers gently interlocked,

And tell you do not be afraid,

Not because of your lack of

Taqwa(of Allah),

But the permissible fear of losing
one another through the plots of
Shaitaan, and the realisation that
yes it is all alright...

As I stand face to face with my Love
in Jannah ,
gazing eternally into your eyes

Poem 5

Worldly death would be sweeter for
me than even an atoms thought of
the possibility of losing such a

priceless gem like you, of which no proficient merchant would be able to purchase, however much they perfected their trade, and however many worldly days they would toil.

You are special, not just because I think so, but because you are a special blessing from Allah, of which no human word could do justice...
How I wish to wake up in Jannatul Firdaws with you by my

side(forever), only to realise that the
worldly turmoil was all but just a
dream...♥

Through the distresses of
homelessness on the streets of
Nigeria...

That's when it happened...

A figure appeared in front of me at a
distance, walking and guiding me
out of possibly approaching trouble
and turmoil...

I looked directly behind me, and another figure in the form of a brightly shining star could hardly be made out.

I then continued to follow the figure in-front, until we reached the famous junctions/ crossroads within central Abuja area.

As the figure began to leave and disappear never to be seen(Wa Allahu A'lam) again, it made a

gesture of takbir as it left, as one would do as they are starting their Salat/ Prayers to Allah.

As I did not have much provisions, let alone access to a clock/ the time etc, I figured it was the time for fajr prayer.

So, due to extreme fear, lack of provision and safety, plus adding the dangers I encountered(and that

momentarily surrounded me) on the streets of Abuja (as a homeless person), and the need to fulfil my Creator's command, of praying my Fajr/ morning prayer, I immediately made takbeer and started the prayer.

A Muslim must not look to his sides or move around in his prayer, once it commences.

However, as I concentrated on my prayer(Wa Allahu A'lam), I could see at the corner of my eyes, figures on the left, and figures on the right. The figures were aligned on both sides of me, in prayer formation; in the form of clear, dark shadows.

Once I completed my prayer and was in the process of giving tasleem/ the ending of the prayer, the figures disappeared...

I was back again, confronted with
the reality of my temporary
homelessness, on the streets of
Central Abuja, Nigeria.

Spiritual Levitation 1: The Other side of Abstemiousness

1. Face your fears, and pray to Allah
always

2. You can never attain true success
(i.e. in this world and the next life),
until you worship Allah correctly and
seek His assistance continuously/
continually

3. If you choose a life of worshipping Allah in all that you do in your life, then(by His will), all that you desire will come to you submissively.

4. Every time you feel like giving up, turn back to Allah(whole heartedly)

5. Concentrate on bettering yourself. The general rule of thumb is that the better you are, the more those around you get affected positively.

6. Keep on being patient, and never stop being patient, until your soul exists the collarbone.

7. In patience, there is wisdom from Allah. He is showing you that He is The One that controls everything

8. Modern day monks(and practitioners of abstemiousness) can sometimes be found in cities and towns.

9. The more you practice
Zuhd(Orthodox Islamic
Abstemiousness), the more your
heart lets go of the world. Then the
more the world clings on to
you(metaphorically speaking)

FINAL PRAYER

All Praises abundant and plentiful belong to Allah, and peace be upon his final Messenger Muhammad, peace and blessings be upon him, his family, his companions and all of those that follow them till the day of Judgement.

Bonus Chapter 2

‘Uboodiyah: Beyond Temporary Friendship

All praises be to Allah and
salutations and peace be upon the

Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

To proceed

1. If you don't let go to worldly love,
you'll never know which relationship
is meant to be permanent, and
which was meant to be temporary;
for the good of yourself.

Take the example of Prophet Ibrahim (upon him be peace and Salaam):

The important thing (wa Allahu A'laam/ and Allah knows best) is that Allah wanted Ibrahim ('aleihimussalaatu wa salaam/ upon him be peace and Salaam) to sacrifice the love of his son from his own heart.

Like the story of the 2 sons of Adam; Allah wanted to see who

would part from the dunia/worldly life from their hearts(wa Allahu A'laam/ and Allah knows best), by giving their best possessions i.e. the crops

Allah is Assamad(He is in need of noone/nothing, but all are in need of him).

So the conclusion is that Allah wants us to go to Him with Qalbun Salim(a pure heart).

May Allah allow us to live and
die with Qalbun saliim(a pure heart)

May Allah guide us all

Ameen

**Spiritual Levitation 2: The Other
Side of Abstemiousness/ Zuhd**

All praises be to Allah and
salutations and peace be upon the
Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

To proceed

1. Never let go of your(correct)
religious principles
2. The enemies surrounding you(i.e.
Shaitan/ satan and dunia/ the

seeming glitter of the world) (and within you, (i.e. your hawa/ desires and nafs/ your lower self) are always ready to launch attacks. Be vigilant(i.e. by supplicating to Allah always), be informed(i.e. seek knowledge) and be ready(for the ongoing spiritual battle/ warfare) and on guard(by beseeching Allah's assistance, refuge and rescue)

3. Sometimes you have to let go of certain things, for a new chapter in your life to begin

4. Whatever is with Allah(by His protection)/ Everything that is with Allah(by His protection) is never lost

5. It is at that breaking point, when you literally(and metaphorically) feel that you are fast-approaching rock bottom(or anguish is about to set in); that is the time to supplicate

for all the good that you wish for.
Then wait for the miracles that shall
follow(only by the will of Allah)

6. Always ask for Allah's bounties/
favours upon you(, whether you
hear the cockerel crow or not)

Introduction to Pre-destiny: The Sea Without a Shore

All praises be to Allah and
salutations and peace be upon the
Prophet Muhammad, His Family, His
Companions and all those that follow
him until the day of Judgement

To proceed

4 Parts to the Qadar(Pre- destiny of
Allah)

1. Al 'Ilm(knowledge)

That Allah knows everything that was, everything that is(now), everything that is going to be/ that will happen(in the future), and also things that **if they were to happen**, how they would happen.

2. Al Kitaabah(The writing)

That Allah instructed the pen to write all the things that will happen(till eternity- And Allah knows

best), 50, 000 years before the creation of the Heavens and Earth.

3. Mashi a(Will)

That everything happens by the will of Allah.

That we also a will, but ultimately, it is still under the will of Allah.

‘Aml(Action/ Deeds)

That Allah created/ creates everything, including our actions.

Bonus Chapter 5

Knowing Allah Part 2

The Names of Allah have influence in the hearts that know of Him.

The state of shyness of Allah will increase.

When a person sins, his heart is free of imaan at that time.

Ibn 'Abbaas: Like this(imaan is taken away) he meshed his hands together then separated them, then

he said; when he repents, his imaan returns, (then he meshed his hands together again)

Maa lakum laa tarjuuna lillahi wa qaara; What is the matter with you that you don't return back to Allah(and don't give Him the proper estimation)

Those who sin against Allah(don't believe in Allah properly)

don't have the proper estimation of Allah.

Chapter 39 Verse 36

Is not Allah sufficient for His slaves.
They try to frighten you with those
they worship besides Allah.

If a slave gives Allah the proper estimation, he will have awe/ fear, which will keep him away from sin.

Remembrance(of Allah), is obedience to Allah.

The one who is obedient to
Allah, remembers Him(dhikrullah)

The one who is disobedient to
Allah, is not remembering
Him(dhikrullah)

Sa'i'id Ibn Jubair:
Whoever obeys Allah has
remembered him.

Dhikr is of 2 types:
Remembering Allah with the tongue,

and remembering Allah at times of disobedience(and refraining from it)

Knowledge of Allah lends the believer to strive in worship of Allah.

Chapter 51 Verse 17- 18

They used to sleep little by night, invoking Allah, and in the hours of the night, they used to seek forgiveness.

Ignorance(greatest form)- not giving Allah the just/ proper estimate.

Quran: Whoever honours the sacred things with Allah, that is better for him with his Lord.

Surah Nisaa:

Ignorance stems from improper knowledge of Allah, which leads to improper estimation of Him.

From Quran:

Ignorance and foolishness;
Allah only accepts repentance from
the one who commits sins out of
these 2.

A slave only commits sin out of
ignorance(This was the
understanding of the Sahaabah)

Ibn Taymeeyah said:

Every disobedient person is
ignorant, and every person with

awe/ fear (of Allah) has knowledge of Allah and is in obedience of Him.

Had the fear of Allah been perfected, you wouldn't disobey Him.

Bonus Chapter 6

The more you know Allah, the more
you fear Him, Quran, Chapter 35
Verse 28.

It is only the 'Ulamaa that fear Allah.

The most knowledgeable of Allah
was the Prophet (Peace Be Upon
Him)

The Slave feels his small sin as a
mountain.

The Sahaabah feared Allah the most(after the Prophets)

Muubiqaat- destructive sins.

Don't look to the smallness of your sins, look to the Greatness of The One you are disobeying.

If Satan/ Shaitaan cannot get a person to sin, he will try to get him through riyaa/ show off and pride.

Imaam Ahmed on his death bed said
“Laa ba’d(not yet)...”. He said “(the
Shaitaan) Iblees stood by my feet
biting his fingers saying futtanee;
you were saved from me, (he
wanted Ahmed to feel proud)”

Ahmed said:

Not yet, not yet, not until I die.

One of the fruits of true Imaan, is
that at death, Allah will make a
believer firm against Satan

Firm saying, in this world, is saying
the kalimah(statement of Tawheed)
at death and being able to answer
the 3 questions in the grave.

One of the salaf(Abu Bakr) said all
the names of Allah until he died(not
Abu Bakr Siddique)

Baqarah 2: 132- 133

“Die not except in Islam(with the statement of Tawheed)”

The most fruitful end is to die in
Islaam

Bonus Chapter 7

Husna- the best, most perfect &
most beautiful

In 4 places, Allah mentions that His
Names are Al Husnaa

Surah A-raaf Chapter 7, Verse 180

Surah Israa Chapter 17, Verse 110

Surah Taha, Chapter 20 Verse 8

Surah Hashr Verse 24

Husnaa

1. All Allah's names indicate and affirm His perfect attributes, they are names as well as attributes.

Allah is glorified above having names without meaning.

Allah's name is Al Qawii- it implies that He is The Most Strong, neither preceded by weakness or ending.

Al Hayy; Perfect living not preceded
by non-existence nor ending.
His name Al Hayy implies his
knowledge...

Al 'Aliim

The knowledge is not preceded by
ignorance nor is it ended by
forgetfulness
